This was an extrame case of inflatmantian of the spleen, of long standing, has a variety of treatment from no less than eight different physicians, without receiving benefit—was cured by the use of only four bottles of the Magnetic Ointment. This was four menths ago and the lady of Mrs. Dunham, is still in good health, and able to aftend to her usuful household duties. There treated two cases of Corneie Sore Eges with the Ointment, both of the patients so nearly blind, as to need an attendant to lead them from place to place. One of them had been afflicted its years, the other about it years. They had tried the best physicians in the State, without benefit, and one of them had been under the State, without benefit; and one of them had been under the treatment of the celebrated Dr. Muzzy, of Cinemiasi, for eighteen months, and had expended hundreds of dollars in vain efforts to effect a cure. They are now by use of the Magnetic Cintment, nearly or quite coved; and are able to read and attend to any ordinary basiness. I have used the Omtment in a number of cases of Piles, and in no case has a failed of giving same taste velocity and generally a persament case. I have also used it beneficially in severe cases of Erysipelas. And last but not least, I have within the last year cured four cases of CANCER by the use of the Megastic Oistment alone!
